### **Renewing Multiple Credentials in the Same Year**

Certified nurses who hold more than one credential and who renew both credentials by Option 1 (ONC-PRO) in the same year may do so for \$100 more than the fee to renew one credential. In instances where the credentials are set to expire in different years, a candidate may request to have the credentials expire during the same year. This would require renewing at least one of the credentials early in order to synchronize the expiration dates.

Candidates who are renewing multiple credentials in the same year by Option 1 may use the same set of ONC-PRO points for renewal, provided those points meet the renewal requirements for each credential.

Candidates who are planning to renew multiple credentials in the same year should contact ONCC at 877-769-ONCC (6622) or [oncc@oncc.org](mailto:oncc@oncc.org) for more information.
