

APHON Annual Conference 2017

Session Title	ILNA Points	Notes
A Changing World for Patients with Hemophilia: Treatment Updates and Novel Therapeutics for Hemophilia A and B	CPHON® renewal candidates: 1 ILNA point may be applied toward: Treatment1 point	
A Sustainable Community Engagement Program Model to Address Hematopoietic Cell Transplantation Education Needs for Patients with Sickle Cell Disease	CPHON® renewal candidates: 1 ILNA point may be applied toward: Treatment or Disease Related Biology or Professional.....1 point BMTCN® renewal candidates: 1 ILNA point may be applied toward: Basic Concepts or Types of Transplants or Professional.....1 point	
Acute Lymphoblastic Leukemia: Current COG Trials for T Cell, Ph+, and Ph-Like ALL	CPHON® renewal candidates: 1 ILNA point may be applied toward: Treatment or Disease Related Biology1 point BMTCN® renewal candidates: 0.33 ILNA points may be applied toward: Basic Concepts1 point	
Acute Promyelocytic Leukemia: Current COG treatment for a unique AML subtype	CPHON® renewal candidates: 1 ILNA point may be applied toward: Treatment1 point	
Advanced Practice Providers in Hem/Onc/BMT—Expanding the Provider’s Horizons	CPHON® renewal candidates: 3.25 ILNA points may be applied toward: Disease Related Biology or Treatment or Symptom Management or Oncologic Emergencies3.25 points BMTCN® renewal candidates: 3.25 ILNA points may be applied toward: Post-Transplant Issues3.25 points	
Baseline Standards for Pediatric Oncology Nursing in Low and Mid Income Countries	CPHON® and BMTCN® renewal candidates: 1 ILNA point may be applied toward: Professional.....1 point	
Beyond Pain Crises: Acute Complications of Sickle Cell Disease	CPHON® renewal candidates: 1 ILNA point may be applied toward: Oncologic Emergencies1 point BMTCN® renewal candidates: 1 ILNA point may be applied toward: Post-Transplant Issues1 point	
BMT Sim Lab: Building safety, Motivating learning, helping with Transition	CPHON® and BMTCN® renewal candidates: 1 ILNA point may be applied toward: Professional.....1 point	
Central Line-Associated Bloodstream Infections in Pediatric Hem/Onc/BMT Patients: An Update and Appraisal of the Evidence	CPHON® renewal candidates: 1 ILNA point may be applied toward: Symptom Management.....1 point BMTCN® renewal candidates: 1 ILNA point may be applied toward: Post-Transplant Issues1 point	

Deciphering the Intersection of Caring for Self & Caring for Others	CPHON® and BMTCN® renewal candidates: 1 ILNA point may be applied toward: Professional.....1 point	
Development of an AYA Program in a Pediatric and Community-Wide Setting	CPHON® and BMTCN® renewal candidates: 3.25 ILNA points may be applied toward: Survivorship or Professional.....3.25 points	
Effects of a Spiritual Care Education Program on Pediatric Oncology Nurses' Level of Knowledge, Attitudes, and Competence	CPHON® renewal candidates: 1 ILNA point may be applied toward: Psychosocial or Professional1 point BMTCN® renewal candidates: 1 ILNA point may be applied toward: Post-Transplant Issues1 point	
Essentials of Genetics for Pediatric Oncology Nurses	CPHON® renewal candidates: 1 ILNA point may be applied toward: Disease Related Biology1 point BMTCN® renewal candidates: 0.33 ILNA points may be applied toward: Basic Concepts1 point	
Expanding Your Educational Horizons - DNP or PhD?	CPHON® and BMTCN® renewal candidates: 1 ILNA point may be applied toward: Professional.....1 point	
Expanding your Mental Health Toolkit: Innovative approaches to caring for the pediatric hematology/oncology patients	CPHON® renewal candidates: 3.25 ILNA points may be applied toward: Psychosocial3.25 points BMTCN® renewal candidates: 3.25 ILNA points may be applied toward: Post-Transplant Issues3.25 points	
Get the Mets! Resection of pulmonary metastases in osteosarcoma	CPHON® renewal candidates: 1 ILNA point may be applied toward: Treatment1 point	
How APHON Nurses Can Make a Difference in Legislation and Health Policy Decisions	CPHON® and BMTCN® renewal candidates: 1 ILNA point may be applied toward: Professional.....1 point	
Infant ALL: Instruction Manual, Please?	CPHON® renewal candidates: 1 ILNA point may be applied toward: Treatment or Disease Related Biology.....1 point	
Interdisciplinary Collaboration for the Effective Transition of Young Adult Cancer Survivors	CPHON® and BMTCN® renewal candidates: 1 ILNA point may be applied toward: Survivorship.....1 point	
International Pediatric Hematology/Oncology Nursing Experiences and Opportunities	CPHON® and BMTCN® renewal candidates: 1.25 ILNA points may be applied toward: Professional.....1.25 points	
It's all GREEK to me! The NEPENTHE Trial for Relapsed/Refractory Neuroblastoma; personalized molecularly targeted treatment.	CPHON® renewal candidates: 1 ILNA point may be applied toward: Treatment1 point	

It's Not Just about the Medicine: Developing and implementing psychosocial standards of care for children with cancer and their families	CPHON® renewal candidates: 1 ILNA point may be applied toward: Psychosocial or Professional1 point BMTCN® renewal candidates: 1 ILNA point may be applied toward: Post-Transplant Issues or Professional.....1 point	
Leadership Course: Building the High Reliable Teams	CPHON® and BMTCN® renewal candidates: 5 ILNA points may be applied toward: Professional.....5 points	
Leveraging Smartphones to Capture Symptoms during Advanced Cancer: Integrating an innovative idea into a grant-funded research study	CPHON® renewal candidates: 1 ILNA point may be applied toward: Symptom Management or End of Life or Professional.....1 point BMTCN® renewal candidates: 1 ILNA point may be applied toward: Post-Transplant Issues or Professional.....1 point	
Managing Dyspnea in Children and Adolescents with Advanced Cancer and at End-of-Life	CPHON® renewal candidates: 1 ILNA point may be applied toward: Symptom Management or End of Life1 point BMTCN® renewal candidates: 1 ILNA point may be applied toward: Post-Transplant Issues1 point	
Nurse-Led Models for Enhancing the Conduct of Children's Oncology Group Cancer Control Trials	CPHON® and BMTCN® renewal candidates: 1 ILNA point may be applied toward: Professional.....1 point	
Nursing management for the successful application of the chimeric antigen receptor (CAR) T cell immunotherapy	CPHON® renewal candidates: 3.25 ILNA points may be applied toward: Treatment or Symptom Management1 point BMTCN® renewal candidates: 1 ILNA point may be applied toward: Post-Transplant Issues or Types of Transplants1 point	
Palliative Care Challenges in Caring for Adolescents and Young Adults: Advance Care Planning, Spirituality and Moral Distress	CPHON® renewal candidates: 3.25 ILNA points may be applied toward: Psychosocial or End of Life.....3.25 points BMTCN® renewal candidates: 3.25 ILNA points may be applied toward: Post-Transplant Issues3.25 points	
Patient/Family Education in Pediatric Oncology: The Children's Oncology Group Experience	CPHON® renewal candidates: 1 ILNA point may be applied toward: Psychosocial or Professional1 point	
Pediatric Chemotherapy and Biotherapy Instructor Course	CPHON® and BMTCN® renewal candidates: 6.25 ILNA points may be applied toward: Professional.....6.25 points	
Powerful Presentations: Strategies to Maximize Learning and Change	CPHON® and BMTCN® renewal candidates: 3.25 ILNA points may be applied toward: Professional.....3.25 points	

Putting Evidence into Practice: Results from Two COG EBP Teams	CPHON® renewal candidates: 1 ILNA point may be applied toward: Symptom Management or Survivorship or Professional.....1 point BMTCN® renewal candidates: 1 ILNA point may be applied toward: Survivorship or Professional1 point	
Secrets Everyone in Healthcare Needs to Know	CPHON® and BMTCN® renewal candidates: 1 ILNA point may be applied toward: Professional.....1 point	
Self-Care Workshop	CPHON® and BMTCN® renewal candidates: 6 ILNA points may be applied toward: Professional.....6 points	
Stop the Confusion! Understanding Delirium in Pediatric Oncology Patients	CPHON® renewal candidates: 1 ILNA point may be applied toward: Symptom Management1 point BMTCN® renewal candidates: 1 ILNA point may be applied toward: Post-Transplant Issues1 point	
Strengthening the Local Chapters of APHON through Networking	CPHON® and BMTCN® renewal candidates: 1 ILNA point may be applied toward: Professional.....1 point	
The Code of Ethics for Nurses: A Contemporary Context	CPHON® and BMTCN® renewal candidates: 1 ILNA point may be applied toward: Professional.....1 point	
The First 6 months: Health Care in the United States under a new President	CPHON® renewal candidates: 1 ILNA point may be applied toward: Professional1 point	
The Landscape of Neuroblastoma in COG: Yesterday, today and tomorrow's therapies	CPHON® renewal candidates: 1 ILNA point may be applied toward: Treatment or Disease Related Biology.....1 point BMTCN® renewal candidates: 1 ILNA point may be applied toward: Basic Concepts or Preparatory Regimens.....1 point	
The Nuts and Bolts of Childhood Non-Hodgkin Lymphoma (NHL)	CPHON® renewal candidates: 1 ILNA point may be applied toward: Treatment or Disease Related Biology.....1 point BMTCN® renewal candidates: 1 ILNA point may be applied toward: Basic Concepts or Preparatory Regimens.....1 point	
Vascular Anomalies of Childhood: Novel Treatment Approaches	CPHON® renewal candidates: 1 ILNA point may be applied toward: Treatment or Disease Related Biology.....1 point	
Zumab, Ximab and Umab: Making Sense of Monoclonal Antibodies	CPHON® renewal candidates: 1 ILNA point may be applied toward: Treatment1 point	

<p>Childhood Cancer Survivors and Breastfeeding: Results of a Lactation Dysfunction Study</p> <p>Long Term Benefits of Attending a Weekend Childhood Cancer Survivor Family Retreat</p> <p>Explore the challenges to a successful transition to adult provider care in young adult childhood cancer survivors and parents</p>	<p>CPHON® and BMTCN® renewal candidates: 1 ILNA point may be applied toward: Survivorship.....1 point</p>	<p>Must Complete all 3 sessions for the ILNA Points</p>
<p>Pediatric Patients Develop Clots? Identifying Events and Influencing Outcomes</p> <p>Avoiding the Bite: Implementation of the St. Jude Advanced Warning Score (sJAWS) System</p> <p>Applying Evidence Based Pressure Ulcer Prevention to Pediatric Hematology/Oncology Patients: A Pilot</p>	<p>CPHON® renewal candidates: 1 ILNA point may be applied toward: Symptom Management or Oncologic Emergencies1 point</p> <p>BMTCN® renewal candidates: 1 ILNA point may be applied toward: Post-Transplant Issues1 point</p>	<p>Must Complete all 3 sessions for the ILNA Points</p>
<p>Prevalence and Nature of Hearing Loss in a Pediatric Population of Children with Sickle Cell Disease</p> <p>Improving Body Function and Minimizing Activity Limitations in Pediatric Cancer Survivors: The Lasting Impact of the Stoplight Program</p> <p>Feasibility and Acceptability of an Exercise Testing Protocol for Adolescents and Young Adults with Sickle Cell Anemia</p>	<p>CPHON® renewal candidates: 1 ILNA point may be applied toward: Symptom Management or Survivorship1 point</p> <p>BMTCN® renewal candidates: 1 ILNA point may be applied toward: Post-Transplant Issues or Survivorship.....1 point</p>	<p>Must Complete all 3 sessions for the ILNA Points</p>

<p>Single Institution Experience: Comparison of Heparin versus Ursodiol for prevention of VOD</p> <p>Clinical Characteristics of Intravenous PEG-Asparaginase Hypersensitivity Reactions in Patients Undergoing Treatment for Acute Lymphoblastic Leukemia</p> <p>Medication Adherence in Leukemia Maintenance Therapy</p>	<p>CPHON® renewal candidates: 1 ILNA point may be applied toward: Oncologic Emergencies or Professional1 point</p> <p>BMTCN® renewal candidates: 0.33 ILNA points may be applied toward: Post-Transplant Issues0.33 points</p>	<p>Must Complete all 3 sessions for the ILNA Points</p>
<p>Sleep Disturbances in Pediatric Craniopharyngioma Patients Before and After Proton Therapy</p> <p>Pediatric Oncology Providers’ Perspectives on Early Integration of Pediatric Palliative Care</p> <p>Hospital to Home at End of Life; A Nurse Led Initiative</p>	<p>CPHON® renewal candidates: 1 ILNA point may be applied toward: Symptom Management or End of Life1 point</p> <p>BMTCN® renewal candidates: 1 ILNA point may be applied toward: Post-Transplant Issues1 point</p>	<p>Must Complete all 3 sessions for the ILNA Points</p>
