## LIST OF FREE CE FOR ILNA POINTS

### CPHON®/BMTCN® EDITION

Are you looking for free or low-cost continuing education (CE) programs for certification renewal? ONCC compiled this list of more than 30 free continuing education offerings for ILNA points. You may be able to use some of these offerings to fulfill your requirements for certification renewal.

Check your learning plan (test score report or Individual Learning Needs Assessment results report) to determine subject areas where you may need points. (If you need to take your assessment, be sure to do that before completing CE.) Some offerings may apply to more than one category, but you cannot claim ILNA points for the same activity twice.

Don't delay – some of these offerings are time-limited. Others may require registration with the provider.
