

## ILNA Categories & Points for Conferences and Online Courses

The following programs can be used for ILNA Renewal Points. \*Note that the course content applies to multiple content/subject areas across multiple credentials. The numerical values indicated below under "max points" are the maximum number of points that can be claimed in each content area. The total number of ILNA points claimed may not exceed the total number of CNE or CME hours awarded from the course and may only apply to the credential you are renewing. To be applied to certification renewal, points earned must match the nurse's learning needs as outlined on the results report of the test/assessment last taken. Individual Learning Needs can also be found in the nurse's Learning Plan. Please also note that the nurses' individual learning plans are linked to their credential's test blueprint (content outline). Current ONCC test content outlines can be found on the ONCC website.

Please go to <https://www.oncc.org/resource-center/continuing-education-conferences> to find the ILNA point breakdown for common multi-day conferences (i.e. Congress, APHON, BMT Tandem, etc.)

Please note: This list of CE offerings is not all inclusive and only includes courses and programs that offer more than four (4) CNE/CME. ONCC accepts many other accredited CE programs for ILNA Points. If you would like to know the applicability of a program not listed, please contact ONCC at 877-769-6622 or [ilna.coding@oncc.org](mailto:ilna.coding@oncc.org)

### Test Content Outline Categories

Coordination of Care  
 Diagnosis and Staging  
 Disease-Related Biology  
 End-of-Life  
 Health Promotion/Screening and Early Detection  
 Navigation  
 Oncologic Emergencies  
 Palliative Care  
 Professional Practice  
 Psychosocial  
 Scientific Basis for Practice

Survivorship  
 Symptom Management  
 Treatment  
 Basic Concepts for Transplantation  
 Types of Transplants and Sources of Stem Cells  
 Pre-Transplant Care  
 Preparative Regimens  
 Early Post-Transplant Management  
 Graft-versus-Host Disease Prevention and Management  
 Late Post-Transplant Management

CE Offering/Program Title	Provider	Max Points	Content Area	Date(s) CE program is Offered	Expiration Date (if applicable)
15th Annual Miami Cancer Meeting (MCM) - "new Frontiers for the Treatment of Solid and Liquid Tumors: Delivering Precision Medicine"	Florida Society of Clinical Oncology/Oncology Latin American Association	17.5	<p>Up to 1 ILNA point may be applied to: Health Promotion</p> <p>Up to 2 ILNA points may be applied to: Palliative Care OR Survivorship</p> <p>Up to 17.5 ILNA points may be applied to: Oncologic Emergencies, Symptom Management OR Treatment</p>	April 27-29, 2018	
1st Annual Oncology Symposium - "Empowering Professionals and Advancing Evidence-Based Strategies in Cancer Care"	Mount Sinai Medical Center	7	<p>Up to 7 ILNA points may be applied to: Professional Practice OR Psychosocial OR Survivorship OR Symptom Management OR Treatment</p>	April 7, 2018
