

ONCC's BIG LIST OF FREE CE

24

Looking for free or low-cost continuing education (CE) programs for certification renewal? ONCC compiled this list of continuing education offerings for renewal points. You may be able to use some of these offerings to fulfill your requirements for certification renewal.

Check your learning plan (test results report or assessment results report) to determine subject areas where you may need points. (If you need to take your assessment, be sure to do that before completing CE.) Some offerings may apply to more than one category, **but you cannot claim points for the same activity twice.** These offerings do not need to be divided among multiple categories.

Some of these offerings are time-limited and may require registration with the provider.

A Focus on Advanced Cervical Cancer Sequencing Through the Lens of Current Evidence, With an Eye Toward What's Next. 1.5 Points

Physician's Education Resource • <https://www.gotoper.com/online-cme-activities/enduring-activity/af-acc21>

ILNA Categories: Care Continuum | Coordination of Care | Diagnosis and Staging | Oncology Nursing Practice | Palliative Care | Roles of the APN OR | Scientific Basis for Practice | Survivorship | Symptom Management | Treatment |

Expires 4.20.2022

Advancing Care in Unresectable Hepatocellular Carcinoma 1.25 Points

FreeCME • <https://learning.freecme.com/a/36944PANCw5D>

ILNA Categories: Care Continuum | Coordination of Care | Diagnosis and Staging | Oncology Nursing Practice | Palliative Care | Scientific Basis for Practice | Survivorship | Symptom Management | Treatment

Expires 3.18.2022

Applying Recent AML Trial Data to Clinical Decision-Making 0.5 Points
