

ONCC's BIG LIST OF FREE CE

31

Looking for free or low-cost continuing education (CE) programs for certification renewal? ONCC compiled this list of continuing education offerings for renewal points. You may be able to use some of these offerings to fulfill your requirements for certification renewal.

Check your learning plan (test results report or assessment results report) to determine subject areas where you may need points. (If you need to take your assessment, be sure to do that before completing CE.) Some offerings may apply to more than one category, but you cannot claim points for the same activity twice. These offerings do not need to be divided among multiple categories.

Some of these offerings are time-limited and may require registration with the provider.

Advancing Shared Decision-Making and Patient-Centered Treatment in the Management of HER2-Negative and Triple Negative Breast Cancer

1 Points

Prime Inc. ▪ <https://primeinc.org/online/advancing-shared-decision-making-patient-centered-treatment-management-her2>

ILNA Categories: Care Continuum | Diagnosis and Saging | Treatment | Nursing Practice | Oncologic Emergencies | Psychosocial | Symptom Management | Oncology Nursing Practice

Expires 7.13.2023

Blood Cancer 201: Moving Beyond the basics of Disease, Treatment and the Role of the HCP

1 Points

Leukemia and Lymphoma Society ▪ <https://www.lls.org/professional-education-webcasts/blood-cancer-201-moving-beyond-basics-disease-treatment-and-role>
