By signing and submitting this application form, I confirm I have read, understand, and accept the conditions set forth in the *ONCC Test Registration Manual* and on the ONCC website concerning the administration of the examination, the reporting of examination scores, and certification policies, including confidentiality of ONCC examinations. I confirm that my RN license (including APRN license) is not subjected to formal discipline by any state board of nursing and has no provisions or conditions that limit my practice in any way. I agree that I will notify ONCC in writing within 30 days of any restriction placed on my RN license (including APRN license). I confirm that I have no criminal convictions, including indictment, arrest, conviction or plea of guilty to any felony within the past 3 years, or limitation, sanction, revocation or suspension by a healthcare organization, professional organization, or other private or governmental body relating to nursing or public health safety. I confirm that the information I provide in the application is true, complete and correct to the best of my knowledge and is given in good faith. I confirm that I understand that if any information is later determined to be false, the ONCC reserves the right to sanction any certification that has been granted on the basis thereof.

2024 INTERNATIONAL TESTING APPLICATION INSTRUCTIONS

Customer ID/Membership Number—If you are or were previously certified by ONCC, this is the number that identifies your record in the ONCC database. If you are an Oncology Nursing Society (ONS) member, it is also your member number. This number is often printed on the mailing panel of materials you receive from ONCC or ONS. Contact ONCC (877-769-6622 or oncc@oncc.org) if you need your number.

The certification fee is discounted for members of ONS or the Association of Pediatric Hematology Oncology Nurses (APHON). If you are an ONS or APHON member, write your ID number where indicated. (If you recently joined and do not have your number, write “New Member” and ONCC will verify your membership.) Note: paying the nonmember certification fee does not grant you membership in ONS or APHON. Contact ONS (help@ons.org) or APHON (info@aphon.org) for membership information. You are not required to be a member of ONS or APHON to apply for certification.

Required Documentation—Candidates who are not renewing current certification must submit a CE certificate or official Letter of Attendance documenting completion of 10 contact hours of nursing continuing education in oncology or an academic elective in oncology within 36 months prior to application. The contact hours must have been provided or formally approved by an accredited provider of CE. A maximum of five (50%) of the ten required contact hours may be continuing medical education (CME) in oncology. The CE certificate/Letter of Attendance must include your name, date and title of the offering, number of contact hours awarded, and the accreditation statement. Academic elective documentation must include your name, institution name, course title and date.

Testing Accommodations—If you require Testing Accommodations due to a disability covered by the Americans with Disabilities Act, as amended, check Yes and submit the Request for Testing Accommodations Form available at www.oncc.org.

Initial candidates who received their nursing education or license outside the U.S., its territories, or Canada must have their education and licensure evaluated for U.S. equivalency by a foreign credential evaluation service. The evaluation must accompany the application, or the candidate will be considered ineligible and will not be permitted to test. A list of evaluation services is available at www.oncc.org. This is a lengthy process that should be started well before the application deadline date.

Nursing Experience—Record the total number of months that you have worked as an RN in the past four years. Write the total number of hours of experience in adult oncology nursing you have had within the past 48 months. To obtain this number, multiply the number of hours you have worked in the last 48 months by the percentage of your time spent in adult oncology nursing. **Calculating Your Hours:** Full-time employment equals 2,080 hours per year

Nursing Experience Details—List, beginning with most recent, your RN experience as requested. Include start/end dates for each position, title, employer name and city/state, number of hours worked per week, and percent of time spent in adult oncology.

Biographical and Demographic Information—Select one answer in each category. Completion of the Biographical Data is optional.

Affirmation—Read and sign the affirmation statement. Applications that are not signed will be returned. ONCC will randomly select a number of applications to audit for validity.

DoubleTake—International candidates are not eligible to apply for the DoubleTake option.

Fee & Payment Information—Complete the credit card information for payment. Visa, MasterCard, American Express, and Discover are accepted. Applications received without full payment will not be processed until payment is made. Do not send cash. Payment will not be accepted at test sites.

Application Submission—Fax the completed application form to 412.859.6167. Applications will not be accepted by email or mail.

Application Deadline date— March 1, 2024
