

Quick-Start Guide to Using LearningBuilder

LearningBuilder is the online tool for recording and submitting points for ONCC certification renewal. Here's a quick guide to getting started.

To Get Started:

- Go to the ONCC website, www.oncc.org, and log in with your ONCC username and password.
- Click “My Account”
- On your account dashboard, click the link “Enter Renewal Points in LearningBuilder”

Your Learning Plan on LearningBuilder

LearningBuilder opens on your personal learning plan. You'll see general information and instructions on the right, including the total number of points required. The learning plan is specific to you and is based on your test score or Individual Learning Needs Assessment (ILNA).

Your learning plan requirements are listed on the left, and include:

- Subject areas where points may be required (if points are required in specific subjects)
- The number of points required in each subject area

The screenshot shows the 'OCN Learning Plan (4/1/2020 to 12/31/2024)' interface. At the top, there's a blue bar with 'In Process' and a 'Submit' button. Below this is a 'Requirements' section. On the left, under 'Collapse Requirements', there are two subject areas: 'Treatment Modalities (8 of 19)' and 'Oncologic Emergencies (0 of 12)'. Each has a progress bar and a numerical value. A red box on the left with the text 'Subject areas where points are required' has arrows pointing to these two subject areas. On the right, there's an 'Instructions' section with text about submitting the plan. A red box on the right with the text 'Number of points required in each subject area.' has arrows pointing to the numerical values '8' and '12' on the progress bars. At the bottom, there's a green bar with 'Instructions and User Guide'.

Subject areas where points are required

Number of points required in each subject area.

Entering Points

Prior to beginning, we suggest gathering your activity documentation (e.g., CE certificates). You'll need information found in your documentation.

Click the blue “Add Activity” button under the Professional Development Activities section

Next, the “Select Activity” window will open. Select the activity type:

- Continuing Education
- Academic Education
- Presentations
- Publications

The Activities Details window will open. Enter the information requested, such as the title of a CE offering, date completed, etc.

The image shows a window titled "Continuing Education: Enter Activity Details" with a blue header and a close button (X) in the top right corner. Below the header is a grey box with "Instructions:" and two bullet points: "Click 'Finish Later' if you'd like to come back and enter more information later" and "Click 'Submit' when your entry is complete". Below this are several fields: "Activity Title:" with the value "Continuing Education"; "Activity Instructions:" with a list of asterisked rules; "Title Instructions:" with the text "Please provide the title of offering."; "Title*:" with an empty text box; "Date Instructions:" with the text "Please provide the completion date."; and "Completion Date*:" with a date picker showing "MM/DD/YYYY".

Click the “Select Subject Areas” button to open a window where you can enter your points in specific subject areas. (Note: You do not need to divide the points among multiple subject areas for activities that are 4 points or less. Choose one reasonably related subject area to apply the points.)

You can find keywords to help you understand topics that apply in each subject area by hovering over the information “i” icon next to each subject area.

The image shows a window titled "Select Subject Areas" with a blue header and a close button (X) in the top right corner. Below the header is a grey box with instructions. Below this is a table with three columns: "SUBJECT AREA", "ILNA POINTS*", and "NOTES TO REVIEWER (OPTIONAL)". The table has six rows, each representing a subject area. The first row, "I Care Continuum", is highlighted in blue and has a red box around the "i" icon next to its name. The other rows are "II Oncology Nursing Practice", "III Treatment Modalities", "IV Symptom Management and Palliative Care", "V Oncologic Emergencies", and "VI Psychosocial Dimensions of Care". Each row has a text box for "ILNA POINTS*" and a text box for "NOTES TO REVIEWER (OPTIONAL)". At the bottom right are "Cancel" and "Finish & Close" buttons.

SUBJECT AREA	ILNA POINTS*	NOTES TO REVIEWER (OPTIONAL)
TOTAL	0	
I Care Continuum <i>i</i>		
II Oncology Nursing Practice <i>i</i>		
III Treatment Modalities <i>i</i>		
IV Symptom Management and Palliative Care <i>i</i>		
V Oncologic Emergencies <i>i</i>		
VI Psychosocial Dimensions of Care <i>i</i>		

You have an option to include a note about your points. It can be helpful to include a rationale if you’re claiming points that are not an obvious fit based on the program title.

Click “Finish & Close” to save your points. You’ll see the points entered for each subject area on the Activity Detail Window.

Upload a File (Optional)

You may upload documentation for an activity (e.g., a CE certificate) when you enter activity details. (Note: You will be required to upload documentation only if your plan is selected for audit or there is a question about the activity. You are not required to upload when entering.)

- To upload, you will need to have an electronic copy of your document on your computer. Most file formats can be uploaded (e.g., .pdf, .doc, .jpg, .bmp, .eps, .png).
- Click “Upload”. this will open a window that allows you to select a file from your computer.

Organization*:

Points Guidance:
* One contact hour = 1 ILNA point
* Points may be divided among domains
* Points may be used only once per application

Subject Areas*: [Click to select Subject Areas](#)

Records to Keep/Upload: A certificate awarded by the CE provider. Must include an accreditation statement or provider number, your name, title, date, and number of contact hours awarded. Documentation is only required if audited.

Upload (optional): [Choose from library](#) or **Upload**

Upload 2 (optional): [Choose from library](#) or **Upload**

Upload 3 (optional): [Choose from library](#) or **Upload**

Finish Later **Cancel** **Submit**

Save Your Entry

Click “Submit” to save your entry to your learning plan.

After you save the entry, your points will appear on your learning plan as shown below.

Professional Development Activities					Add Activity
Activity Type/Title	Completion Date	Points	Accrediting Organization	Next Step	
Continuing Education / Test	6/1/2022	OCN 2022 Blueprint III Treatment Modalities - 5.00 Points	ONS	Saved	List More
Continuing Education / Oncologic Emergencies, A Deeper Dive: Neutropenic Fever, Tumor Lysis Syndrome, and Cord Compression - SPOC	12/7/2023	OCN 2022 Blueprint V Oncologic Emergencies - 1.00 Point	ANCC	Saved	List More
Continuing Education / Cancer Basics	11/1/2023	OCN 2022 Blueprint III Treatment Modalities - 3.00 Points	ONS	Saved	List More

Your Requirements Progress Bar(s) will update to show the points you've entered.

Once you have entered all the required points for a subject area, the green bar will be full and a check mark will appear beside the bar.

Instructions

In order to submit your learning plan you must enter at least **31** points. Please note that some or all of these points are in required Subject Areas. You must submit the points in your required areas; you may submit additional points, if desired.

You cannot submit your plan until you have entered both the total number of points needed and fulfilled the requirements in specific Subject Areas where points are required.

Points must be earned after **4/1/2020**.

You may submit your plan beginning in January of the year your renewal is due. You must submit your plan by the final renewal deadline date (October 15 of the year renewal is due or earlier).

PLEASE NOTE: A complete registration includes an application AND a submitted Learning Plan.

Editing Your Entries

Click the button with 3 dots beside the entry you would like to edit. This will bring up an option to Edit the entry.

Submit

Note: You cannot edit or add to your plan after you submit it, unless requested to do so by ONCC staff. You can view/print your plan at any time, but you will not be able to change your entries after you submit your plan.

After you have submitted your plan:

Keep your records until you have been notified that your certification renewal has been approved. If your plan is selected for audit, you will be required to upload documentation, or upload additional documentation, of your completed activities. In the event of an audit, ONCC Certification Coordinators will provide audit details in the “Review Comments” section of the activity entry. The “Review Comments” section is located at the top of the submitted activity details and can be accessed upon opening the submitted activity in question.

Communication

You will be sent important communications from LearningBuilder depending on specific situations. You may access communications from LearningBuilder under the Communications tab found in the blue header bar with Account Details, Learning Plans, and Library.

Communications from LearningBuilder will also be sent to the email address used in your ONCC profile. To ensure you receive critical information about your certification, ONCC requires you to keep your email address current at all times. Please contact ONCC customer service at oncc@oncc.org if you need to update your email address.

Tips for Using LearningBuilder

Internet Browser

For the best experience, use a current version of any major internet browser. You may experience problems using older internet browsers.

Dividing Points for an Activity Among Multiple Subject Areas

You may attend continuing education programs in which the content can apply to more than one subject area on a Learning Plan. Here are tips for using CE for renewal points.

Programs of 4 contact hours or less:

- One contact hour = one point.
- You do not have to divide CE programs of 4 contact hours or less.
- You may apply points for these programs to any reasonably related subject area covered by the program. For example: if a 4-hour program has content about Treatment, Symptom Management, or Survivorship, you may apply the points to *one* of those subject areas.

Programs of more than 4 contact hours:

- One contact hour = one point.
- Decide how much of the program applies to each subject area. For example: if half of the program is about one subject area, apply half the points to that area.

When dividing points among multiple subject areas, keep in mind:

- You cannot claim more than the total number of points for an activity, regardless of whether you divide the points among several subject areas.
- If you have difficulty determining how to claim for an activity, contact ONCC at 877-769-ONCC or oncc@oncc.org

Submitting Extra Points

- You may submit more points than required if desired. The extra points can provide a cushion if some points are not accepted.
- There is no maximum on the number of points that may be submitted in a category.

Glossary of Terms & Icons

Activity - a professional development activity, such as a continuing nursing education program, a presentation, a publication, or academic education.

ILNA - Individual Learning Needs Assessment

ILNA Weight - The ILNA Weight is the number of ILNA points that may be required in a subject area. This weight matches the percentage of the subject area on a certification test. If you are required to earn points in a subject area, the ILNA Weight equals the minimum number of points you must enter in the subject area. If an area is Points Optional, the ILNA weight is neither a minimum or a maximum.

Learning Plan - the number of points you need to earn to renew your certification and the subject areas in which those points are either required or optional.

Subject Areas - the broad content areas that comprise your credential's Test Content Outline (Test Blueprint). The subject areas are listed on your test score report or assessment results report.

Use the clipboard icon to view a list of the activities you have entered in a subject area or details of an activity.

Use the ellipsis icon to edit or delete an activity.
